be selected only after the Site is approved by a Sanitary officer.

2) The Dy Commr of Kadur, in connection with the selection of a site for the extension of the Kallebinganahalli village, points out the following difficulties and states that the procedure referred to above is unnecessary and inconvenient. His reasons are

1. The approval of the Dt medical & Sany officer, to a proposed site, necessarily involves much delay and results in the putting off, of the scheme, thereby inconveniencing the villagers concerned.

2. The Dy commr and other Revenue officers of and above the Amildar grade may be reasonably expected to posses a knowledge of the few simple Sanitary rules & principles, to enable him to judge properly whether a proposed site, is not insanitary and so Sanitary opinion is not necessary in such cases.

3. In the selection of Sites a

I quite agree that in drawing up the scheme other than purely sanitary considerations have to receive attention. But all such purposes that may reasonably be considered to be "Extensions formations" or "removal of Villages should be inspected by the Sanitary authority who should place his opinion in writing before the Revenue authority concerned, with reasons for the opinion so that the latter may have the expert Sanitary opinion as well as the expert Revenue opinion to guide him in the proposed enterprise

No. 10523

Enclosure No. 1

Forwards for orders of Govt. Copy of the Kadur Dy. Comrs letter requesting instructions whether it is necessary to obtain the opinion of the Sanitary Officer re the suitability of the sites proposed for the extension of the Village sites

Caxton Press, Bangalore,—2000-2-09

Letter No. 432 dated 1st April 1909, from the Deputy Commissioner, Kadur District, to the Revenue Commissioner in Mysore.

With reference to your docket No. 9513 dated 13/19th instant, requesting that the opinion of the Sanitary Officer may be obtained and submitted regarding the suitability of the site proposed for the extension of Kallelinganahalli village in the Kudur Taluk, I have the honor to state that as I have reported in my previous letter No. 394 dated 9th March 1909 on the subject, I have myself inspected the proposed site for the extension of the village and have satisfied myself about its suitability for the purpose. In these circumstances, I beg to know whether it is necessary that I should refer the matter to the District Medical and Sanitary Officer for his inspection of the site and an expression of his opinion in the matter.

2. In this connection I beg to state, with due deference to the Government Order quoted by you, that the securing of the opinion of the Sanitary Officer in every case of village extension would tend to considerably delay the disposal of the case, to the great inconvenience of the villagers concerned, as, I think, that in view of the nature of his duties, the District Medical and Sanitary Officer will not be able to comply with the requisition promptly. Besides, I venture to submit that it does not require any high knowledge of sanitary science to decide whether a site selected by the villagers for the extension of a village is suited for the purpose or not, and that with an elementary knowledge of a few simple rules and principles which most officers of and above the grade of an Amildar may be expected to possess, these officers may be safely trusted to arrive at and express a sound opinion in the matter. Hence, whenever a site is inspected by the Amildar or higher officer and is after such personal inspection

No. 11206 OFFICE OF THE REV. COMR. IN MYSORE,

D7903 *Bangalore,* 29th April 1909.
1st May 1909

FROM

Rajakarya Pravina,
A. RANGASWAMI IYENGAR, ESQ., B. A., B. L.,
Revenue Commissioner in Mysore.

TO

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments.

SIR,

With reference to your letter No.10454/San 132-08-4 dated 23rd April 1909, requesting my opinion in the matter of consulting a sanitary authority in the selecting of sites for extensions of village sites, I have the honour to state that I concur in the views expressed by the Deputy Commissioner as regards ordinary villages in the interior. But where extensions or additions have to be made to large villages or Taluk Kasbas it is very desirable that the places are carefully inspected by the District Medical and Sanitary Officers before any large proposals are decided upon as with their expert knowledge, they may be able to offer suggestions for remedying over-crowding, bad ventilation etc., which, adopted in time, will promote health and sanitation and prevent further troubles.

I have the honour to be,

Sir,

Your most obedient servant,

For Revenue Commissioner.
